

MARSUPIAL COMPATABILITY CHART

Below are sizing recommendations. Do not account for removable eye cup covers or eye cups extended all the way out. If using removable eye cup covers or if you have the eye cups fully extended, you might need to size up.

We ask that you always measure your binoculars first to ensure proper fitment!

SMALL
6.7" - ENCLOSED PACK
 (Allow Enclosed Pack to break in at max height of 6.7")

MEDIUM
7.75" - ENCLOSED PACK
 (Allow Enclosed Pack to break in at max height of 7.75")

All Packs do not fit porro-prism style binoculars.
